

Two-Layer Engineered (TLE)

Species:	White Oak, Red Oak, American Cherry, Maple, Walnut
Cut:	Rift & Quarter, Rift Only, Quarter Only, Plainsawn
Construction Options:	Thickness: 3/4", 5/8", 1/2" Wear Layer: standard - 4mm custom - 3mm, 5mm, 6mm Construction: 11-ply Baltic birch plywood
Grade:	Clear / Select / #1Common / Character
Width:	Standard: 2 1/4" – 8"; Custom: 9" – 12"
Length:	Standard: 1' – 8'; Custom: up to 12'
Custom Parquet:	Various design options including Herringbone & Chevron
Hardness / Density:	Per Janka Hardness
Moisture:	6% – 8%
Vaccum Packing:	Available upon request
Fabrication:	Tongue & groove, side and end-matched, square-edged
Installation:	Can be nailed, stapled, or concrete glued-down over leveled slab <i>*Please refer to NWFA Installation Guidelines for instruction.*</i>
LEED Qualification:	Adhesives: low-emitting VOC (EQ 4.1) Manufacturing process: urea formaldehyde-free (EQ 4.4) Contributing factor to regional material use. (MR 5.1) FSC certified material is available. (MR 7)
